Safety and Maintenance

 This symbol indicates "dangerous voltage" inside the product that presents a risk of electric shock or personal injury.

 This symbol indicates important instructions accompanying product.

WARNING: To reduce the risk of fire or electric shock, do not expose this product to rain or moisture. Appliance shall not be exposed to dripping or splashing and no objects filled with liquids, such as vases, shall be placed on the appliance.

Security Instructions

Read all of the instruction before using this Blu-ray player and keep this manual in a safe place for future reference.

1. Read and keep these instructions.
2. Heed all warnings and follow all instructions.
3. Do not use this player near water.
4. Clean only with dry cloth.
5. Do not block any ventilation openings and install in accordance with the manufacturer's instructions.
6. Do not install near any heat sources such as radiators, heat registers, or the player (including amplifiers) that produce heat.
7. Protect the power cord from being walked on or pinched particularly near the convenience receptacles, and the point where they exit from the player.
8. Use only with the cart, stand, tripod, bracket, table specified by the manufacturer or sold with the player. When a cart is used, use caution when moving the cart/player combination to avoid injury from tip-over.
9. Unplug this player during lightning storms or when unused for long periods of time.
10. Refer all servicing to qualified service personnel.

Servicing is required when the player has been damaged in any way, such as the power-supply cord or plug being damaged, liquid has been spilled or objects have fallen into the player, the player has been exposed to rain or moisture, does not operate normally, or has been dropped.

11. Please keep the unit in an environment with good ventilation.
12. **WARNING:** To reduce the risk of the fire or electric shock, do not expose this apparatus to rain or moisture. The apparatus shall not be exposed to dripping or splashing and no objects filled with liquids, such as vases, shall be placed on the player.
13. **WARNING:** Where the mains plug or an appliance coupler is used as the disconnect device, the disconnect device shall remain readily operable.
14. Do not expose the batteries to excessive heat such as fire direct sunshine or similar sources.

CAUTION: To reduce the risk of electric shock, do not remove cover (or back). No user serviceable parts inside. Refer servicing to qualified service personnel.

CAUTION: This product utilizes a laser.

 Do not open cover and do not repair yourself. Refer servicing to qualified personnel.

Operating with the remote control

1. The remote control must point at the remote sensor, in order for the DVD player to function correctly.
2. The remote works best at a distance less than 5 meters and at an angle of up to $\pm 30^\circ$ toward the front of the unit.
3. Obstacles should not remain in between the remote control and the remote sensor on the main unit.

Quick Starting Guide

1. Connecting to an External Power Source

Connect the power adapter (supplied with the player) to the side input plug and to a wall outlet. Do not use any other device otherwise specified by your dealer.

2. Open the screen panel.

The screen panel of the portable DVD opens to a maximum 180° . And it can rotate 270° .

3. Press the bottom left corner button to open the disc cover.

4. Insert a Blu-ray disc/DVD with label side facing upward.

Align the center of the DVD disc with the center of the disc guide. Press gently down on the DVD to snap the disc into place, and then close the disc cover.

5. Slide the power switch on the right side of the unit to power it on.

6. Press the **▶||** or **OK** button on the unit to start playback.

In most cases, when you leave by the **▶||** button, continue to be used by **▶||** or **OK** button.

The DVD player will immediately start rendering the DVD program.

When you want to stop, press the **■** button, it will return to the power-on logo.

Connect to the HDMI

Connect the HDMI cable to the HDMI jack on this product and to the HDMI input jack on the TV.

Please change the resolution to 1080P for the best image effect.

Please set the resolution to 720P for the best image effect of the screen after you finished using the HDMI jack.

Tip:

- You can optimize the video output by pressing the Resolution button repeatedly from the remote to select the best resolution the TV can support.
- This type of connection provides best picture quality.

Play Video

Control Video Play
